Welcome

Welcome back to the second term of the year. We are always excited to see everyone back in school. We have an exciting term ahead with a few interesting visitors to school and classroom activities. We will be looking forward to Children in Need, Maths Week and special visit from the Royal Air Force as part of our work experience profiling and as an added introduction to World War II.

This term our book is...

Curriculum

This term we will be diving into World War II, looking at its history and understanding what life was like during the Blitz. We will be reading a story and using this book to continue our work on creating our own stories. This is a continuation of last term's work, as we will be moving into story mountains this term.

Numeracy will see a continuation of our work using White Rose Maths. The resources provided through this amazing website ensures pupils are learning at a level that is appropriate for each individual pupil.

Science this term will look at animal variation, habitats and how animals adapt to their environments. Our PSHE lessons will include work on staying safe online, including how to identify bullying and how to report these behaviours. We will continue our very popular Food and Nutrition lessons with Alison, which is a lesson that pupils really love!
