Welcome

Welcome back to the second half of Spring Term. We hope you've had an enjoyable and relaxing break. This half term is jam-packed with exciting things; World Book Day, Careers Week and Science Week. We have lots of fantastic events and activities planned for these which I am sure the pupils will enjoy. As ever, we are looking forward to seeing the hard work and enthusiasm of the pupils throughout the coming half-term.

This term our book is...

Curriculum

This half-term our whole school topic is 'How does your garden grow?'. We will be exploring this theme in our class book 'Our Tower' which is all about discovering the beauty of nature in both urban spaces and the countryside. During our English lessons, we will be using this book to support our inference and prediction skills. In PSHE we will be learning about online safety and explore the benefits and risks of the internet.

In Maths, we will be working hard on our number skills, with a focus on addition and subtraction. This will be supported by the White Rose maths scheme. In Science, the pupils will learn all about plants and growth.

This half-term, we will continue to focus on the skill of listening in Skills Builder. This will be done throughout the timetable as well as in a weekly Skills Builder lesson.

The pupils will continue to Food & Nutrition and Performing Arts with our subject specialists Alison and Hilary.
