Welcome

Welcome back to summer term 1. This term we are looking to improve the outdoor area next to the classroom so we can begin to use this as an outdoor classroom as the weather gets warmer.

Everyone will have a small yellow book as their home/school book this term, these are smaller and easier to fit into bags. Please continue to look at these and write any information you want us to know in there.

This term our books are...

Curriculum

This term our theme is Swords and Sandals. We will be linking our interests of animals and the beach to this theme. In Science, we will be exploring materials and their properties. We will be investigating which materials will be best to make a variety of items and testing them out, such as a boat and an umbrella.

We will be continuing our reading sessions following the Read Write Inc. scheme. We all made real progress last term and are showing great enthusiasm towards our reading and writing. This term we will continue to bring home reading books linked to our phonics books in school. Please take good care of these, as we only have limited books in school.

In Maths, we will be beginning our learning on multiplication and division. Some groups will also begin to further their learning on 2D and 3D shapes.

In our PSHE lessons this term, we will be learning about touch. Discussing and learning about appropriate touch, physical contact and identifying trusted adults.
