Welcome

Welcome back to a new term! This is one of the most exciting terms for both pupils and staff with the run up to Christmas and all the excitement that goes with it! We all welcome a new member of staff to Protea class – Owen. Although he is not new to Willoughby, pupils in Protea are enjoying getting to know Owen and working with him in the classroom.

This term our book is...

Curriculum

In communication and language this term, we will continue our focus on functional skills and also continue to read and work from our book from last term – The Day I Became the Most Wanted Boy in the World. Our termly outcome will be to learn how to set out and send an email, and create our own WANTED posters!

Our cognition and learning lessons will include both maths and science. Maths lessons will focus on functional skills in all areas of maths, including measuring, weighing and working with money. Our topics will change weekly to ensure we are learning a wide range of things. Our science topic will look at the area of light. We will explore shadow, how these are formed, and the way in which light travels.

PSHE lessons will be focused on personal skills and strengths needed in the world of work, and exploring the specific industries and jobs pupils could have once they leave the world of education.
