Welcome

We are back to school for our Spring 2 term with lots of exciting things planned! Our theme this term is called "By Royal Appointment". We will delve into the world of football this half term, which is a favoured pastime for some of the royal family members like Prince William. Our term will include World Book Day and Careers Week, which are jam-packed events.

This term our book is...

Curriculum

In communication and language this term, we will focus on recounting stories and completing diary entries. This will help us with our comprehension and listening skills, and will include learning how to expand our sentences using conjunctions.

Our cognition and learning lessons will include both maths and science. Maths lessons will focus on functional skills in all areas of maths, including working with numbers, measuring, weighing and working with money. Our topics will change weekly to ensure we are learning a wide range of things. Our science topic will be an investigation into properties of materials. We will have a look at reversible and irreversible changes that can happen to materials, while being able to sort them into different categories.

PSHE lessons will look at the topics of healthy living, including how we fuel our bodies and what it means to be healthy. We will touch on the topics of physical health as well as reminding pupils that our mental health is linked to this.
